OUR VISION

Com uma visão de vanguarda, a Vicaima tem como princípios chave manter a simplicidade das soluções, procurar sempre um eixo diferenciador e romper com o óbvio. É neste contexto que a marca desenvolve soluções integradas e customizadas para setores específicos, que geram um novo impulso no mundo da decoração de interiores para os anos futuros. O key product da Vicaima, portas de interior, é desenvolvido como elemento focal que participa no ambiente dos espaços. Este elemento de paixão, é assim o ponto de partida para o desenvolvimento de todos os outros produtos que o rodeiam, inspirando sempre inovação, design e performance.

With a visionary approach, Vicaima has 3 key business principles: to maintain the simplicity of its solutions, to always seek a differentiating factor and to consider the less obvious route. It is in this context that the brand develops integrated and customised solutions for specific sectors which generates a new impulse in the world of interior décor for years to come. The central product of Vicaima, interior doors, is developed as a focal element which participates in the atmosphere of its surroundings. This element of passion, is the start point to develop surrounding constituents, inspiring innovation, design and performance.

Con una visión de vanguardia, Vicaima tiene como principio clave mantener la simplicidad de las soluciones, buscar siempre un eje diferenciador y romper con lo obvio. Es en este contexto que la marca desarrolla soluciones integradas y personalizadas para sectores específicos, que generan un nuevo impulso en el mundo de la decoración de interiores para los años futuros. El *key product* de Vicaima, puertas de interior, es desarrollado como elemento focal que participa en los ambientes de los espacios. Este elemento de pasión, es así el punto de partida para el desarrollo de todos los otros productos que lo rodean, inspirando siempre, diseño y performance.

Avec une vision d'avant-garde, Vicaima défend comme principes majeurs maintenir la simplicité des solutions, rechercher toujours un axe différenciateur et rompre avec l'évidence. C'est dans ce contexte que la marque développe des solutions intégrées et customisées pour des secteurs spécifiques, qui gèrent une nouvelle impulsion dans le monde de la décoration d'intérieurs dans les années à venir. Le produit clé de Vicaima, la porte d'intérieur, est développé comme un élément qui joue un rôle majeur dans l'ambiance des espaces. Cet élément de passion, est ainsi le point de départ pour les choix de tous les autres produits qui l'entourent, inspirant innovation, design et performance.

ABOUT US

A Vicaima foi fundada em 1959 e é atualmente um dos maiores players europeus no design e produção de soluções de portas de interior, aros e peças de mobiliário. Com uma capacidade de produção superior a 1.5 milhões de portas por ano, a Vicaima alcançou uma reconhecida reputação na qualidade e inovação dos seus produtos tendo conquistado os mais exigentes profissionais do setor ao criar soluções específicas para variados setores, como, habitacional, hoteleiro, saúde, escolar e comercial. Com sede no Norte de Portugal, a Vicaima ocupa uma área total de cerca de 100.000m², exporta produtos para mais de 30 países ao nível mundial e tem subsidiárias no Reino Unido, Espanha e Marrocos.

Vicaima was founded in 1959 and is currently one of the leading European organisations in the design and production of interior door solutions, frames and associated joinery products. With a production capacity in excess of 1.5 million doors per year, Vicaima have built a solid reputation for the quality, performance and innovation of its products and has satisfied the most demanding professionals by creating focussed solutions for a variety of sectors such as housing, hotels & leisure, medical, education and commercial. Vicaima's headquartered are in Northern Portugal and occupies a total area of approximately 100.00m². The company supplies products to more than 30 countries globally and has subsidiaries in United Kingdom, Spain and Morocco.

Vicaima fue fundada en 1959, y es actualmente uno de los mayores players europeos en el diseño y producción de soluciones de puertas de interior, cercos y piezas de mobiliario. Con una capacidad de producción superior a 1.5 millones de puertas al año, Vicaima alcanzó una reconocida reputación en la calidad e innovación de sus productos, habiendo conquistado los más exigentes profesionales del sector creando soluciones específicas para variados sectores, como vivienda, hotelero, salud, escolar y comercial. Con sede en el Norte de Portugal, Vicaima ocupa una área total con cerca de 100.000m², exporta productos para más de 30 países al nivel mundial y tiene sucursales en el Reino Unido, España y Marruecos.

Fondée en 1959, Vicaima est aujourd'hui l'un des plus grands acteurs majeurs dans le design et la production de solutions pour les portes d'intérieur, des cadres et pièces pour mobilier. Disposant d'une capacité de production supérieure à 1.5 millions de portes par an, Vicaima est désormais réputée pour la qualité et l'innovation de ses produits. Elle a su conquérir les plus exigeants professionnels en développant des solutions spécifiques pour les différents secteurs, comme le résidentiel, l'hôtelier, la santé, l'éducation et le commercial. Avec son unité de production au Portugal et couvrant un total de 100.000m², Vicaima exporte ses produits sur plus de 30 pays dans le monde et possède des filiales au Royaume Uni, en Espagne et au Royaume du Maroc.

SUSTAIN- ABILITY

Sustentabilidade e responsabilidade ambiental são dois pilares do negócio Vicaima. Desde a promoção do uso de tecnologias e materiais que minimizam a poluição, até à utilização de matérias-primas provenientes de florestas certificadas ou controladas, a marca recorre às práticas com menor impacto no ambiente.

A Vicaima está certificada segundo a norma ambiental ISO 14001 e cumpre com o Regulamento Europeu da Madeira (EUTR). A marca disponibiliza igualmente produtos com certificação FSC® (Forest Stewardship Council®), entidade que assegura que as matérias-primas são provenientes de florestas geridas de forma responsável.

Sustainability and environmental responsibility are two pillars of Vicaima business. From promoting the use of technologies and materials that minimize pollution, to the use of raw materials from certified or controlled forests, the brand draws on practices with less impact on the environment.

Vicaima is certified under the ISO 14001 environmental standard and also comply with EU Timber Regulation (EUTR). The brand has available products certified by FSC® (Forest Stewardship Council®), which ensures that they derive from responsibly managed forests and other controlled sources.

Sostenibilidad y responsabilidad ambiental son dos pilares del negocio Vicaima. Desde el avance del uso de tecnologías y materiales que minimizan la polución, hasta la utilización de materias primas provenientes de bosques certificados y controlados, la marca recurre a prácticas con menor impacto ambiental.

Vicaima está certificada según la norma ambiental ISO 14001 y cumple con el Reglamento Europeo de la Madera (EUTR). La marca proporciona también productos con Certificación FSC® (Forest Stewardship Council®), entidad que asegura que las materias primas son provenientes de bosques gestionados de forma responsable.

Durabilité et responsabilité environnementale sont deux les piliers d'activité de Vicaima. Depuis la promotion pour l'utilisation de technologies et des matériaux qui minimisent la pollution, et jusqu'à l'utilisation de matières premières originaires de forêts certifiées ou contrôlées, la marque a recours à des pratiques responsables qui apportent un impact mineur à l'environnement.

Vicaima est certifiée selon la norme environnementale ISO 14001 et accompli avec le Règlement Européen pour le Bois (EUTR). La marque met également à disposition des produits certifiés FSC® (Forest Stewardship Council®), entité qui assure que l'origine des matières premières appartient à des forêts gérées de façon responsable.

INNOVATION & TECHNOLOGY

A Inovação é um eixo estratégico da Vicaima, que resulta do aperfeiçoamento contínuo da investigação e desenvolvimento dos seus produtos. A procura de soluções integradas e inovadoras, capazes de responder às exigências dos diferentes mercados leva a que a empresa reforce o seu portfólio, com soluções que incorporam desenvolvimentos tecnológicos e de criatividade elevados, pautados na sua génese pela qualidade.

Esta visão reflete-se em variadas criações inovadoras, como portas de luxo, soluções com design diferenciador, revestimentos únicos, ou gamas de produtos específicas com tecnologia integrada para aplicação no setor hoteleiro e comercial.

Innovation is a strategic axis of Vicaima, which results from the continuous improvement and Research & Development of its products. The drive for integrated and innovative solutions, capable of meeting the requirements of its various markets, draw the company to reinforce its portfolio with solutions that incorporate high technology and imaginative advancements, breaking new ground in quality. This vision is reflected in various innovative creations, such as luxury doors, inspired designs, unique finishes, or even specialist product ranges with incorporated technology, for example applications in the hotel or commercial sectors.

La innovación es un eje estratégico de Vicaima, resultado de la mejora continua de la investigación y desarrollo de sus productos. La búsqueda de soluciones integradas e innovadoras, capaces de responder a las exigencias de los diferentes mercados lleva a que la empresa refuerce su portfolio, con soluciones que incorporan desarrollos tecnológicos y de creatividad elevada, caracterizadas en su génesis por la calidad.

Esta visión está reflejada en variadas creaciones innovadoras, como puertas de lujo, soluciones con diseño diferenciado, revestimientos únicos, y gamas de productos específicos con tecnología integrada para aplicaciones en el sector hotelero y comercial.

L'innovation est un axe stratégique pour Vicaima, qui résulte de l'amélioration continue de la recherche et développement pour ses produits. La recherche de solutions intégrées et innovatrices, capables de répondre aux exigences des différents marchés, mène à ce que l'entreprise renforce son portfolio avec des solutions qui incorporent des développements technologiques et une créativité élevée, le tout aligné dans sa genèse par la qualité.

Cette vision a pour reflet des diverses créations innovatrices, tel que les portes de luxe, les solutions à design distinctif, les revêtements exclusifs ou des gammes de produits spécifiques, intégrant de la technologie pour les segments hôtelier et commercial.

QUALITY & CERTI- FICATION

Qualidade, credibilidade e confiança. A estratégia de negócio da Vicaima tem como premissa a satisfação contínua dos seus clientes. A marca tem o sistema de gestão de qualidade certificado pela norma internacional ISO 9001. A implementação de sistemas de controlo interno de produção e de testes de produto, efetuados em laboratório, permitem assegurar o cumprimento dos requisitos definidos pelas normas em vigor.

A Vicaima apresenta uma vasta gama de produtos técnicos certificados, que inclui performances de corta-fogo, acústica e segurança, atribuídas por entidades internacionais acreditadas, como BWF-Certifire, Exova BM Trada, Afitilicof, Tecnalía, Effectis, IteCons e Technology Centre.

Os produtos corta-fogo são igualmente submetidos a auditorias anuais focadas no processo produtivo, e na recolha aleatória do produto no mercado. Estas auditorias são realizadas pelas entidades Trada e Bodycote em laboratórios independentes.

Quality, credibility and trust. The business strategy of Vicaima is premised on continuous customer satisfaction. The brand has a quality management system certified by the international standard ISO 9001. In addition, the brand has implemented internal control systems of production and laboratory product testing to maintain the requirements as defined by industry standards.

Vicaima presents a wide range of certificated technical products, which includes performance criteria such as resistance to fire, acoustic and security, undertaken by accredited independent laboratories, such as BWF-Certifire, Exova BM Trada, Afitilicof, Tecnalía, Effectis, IteCons and Technology Centre. Fire resistant products are also submitted to annual audits focused on the production process and in the random sampling of the product on the market, carried out by Trada and Bodycote in independent laboratories.

Calidad, credibilidad y confianza. La estrategia del negocio de Vicaima tiene como premisa la satisfacción continua de sus clientes. La marca tiene el sistema de gestión de calidad certificado por la norma internacional ISO 9001. La implantación de sistemas de control interno de producción y de tests del producto, efectuados en laboratorios que permiten asegurar el cumplimiento de los requisitos definidos por las normativas en vigor.

Los productos corta fuego son igualmente sometidos a auditorias anuales enfocadas en el proceso productivo y en la recogida aleatoria del producto en el mercado para su posterior analisis. Estas auditorías son realizadas por las entidades Trada e Bodycote en laboratorios independientes.

Qualité, crédibilité et confiance. La stratégie de Vicaima a comme prémisses la satisfaction permanente de ses clients. La marque détient un système de gestion de qualité certifiée selon la norme internationale ISO 9001. L'implantation de systèmes de contrôle interne de production et d'essais des produits, réalisés en laboratoire, permettent assurer que les requis définis par les normes en vigueur sont pleinement accomplis.

Vicaima présente une large gamme de produits techniques, qui incluent les performances coupe-feu, acoustique et sécurité, certifiés par des entités internationales agréées, tel que BWF-Certifire, Exova BM Trada, Afitilicof, Tecnalía, Effectis, IteCons et Technology Centre. Les produits coupe-feu sont également soumis à des audits annuels concentrés sur la production, et dans la sélection aléatoire du produit dans le marché. Ces audits sont réalisés par les entités Trada et Bodycote, en laboratoires indépendants.

CUSTOMER SUPPORT

Porque a Vicaima trabalha a pensar no cliente, concentra-se não só na qualidade do produto, mas também na excelência do serviço, oferecendo uma proposta competitiva e célere. A presença da marca no panorama mundial, potencia a expertise do seu *staff* preparado para ajudar o cliente em todas as fases do projeto. Neste contexto, a Vicaima dispõe igualmente da área de *Project Support*, cuja equipa está dedicada em exclusivo à criação de soluções integradas e customizadas ao cliente. Catálogos, informação técnica, amostras físicas ou o website **vicaima.com** são outros suportes que a marca disponibiliza, no sentido do apoiar o cliente nas diferentes fases do processo.

Vicaima is constantly thinking about the customer, focused not only on product quality but also on service excellence and offering a competitive and prompt proposal. The brand's presence on the world stage, enhances the expertise of its staff and prepares them to assist the customer in all phases of the project. In this context, Vicaima also has a Project Support department, whose team is dedicated exclusively to the creation of integrated and customized solutions to the customer. Brochures, technical information, physical samples and of course the **vicaima.com** website, are all additional resources that the brand offer, in order to support its clients in the different stages of the specification and procurement process.

Porque Vicaima trabaja pensando en el cliente, se concentra no solo en la calidad del producto, sino también en la excelencia del servicio, ofreciendo una propuesta competitiva y rápida. La presencia de la marca en el panorama mundial, potencia la experiencia de su *staff* preparado para ayudar al cliente en todas las fases del proyecto. En este contexto, Vicaima dispone igualmente del área de *Project Support*, cuyo equipo se dedica exclusivamente a la creación de soluciones integradas y personalizadas al cliente. Catálogos, información técnica, muestras físicas o website **vicaima.com**, son otros soportes que la marca dispone, para el apoyo al cliente en las distintas fases del proceso.

Parce que Vicaima vise la satisfaction du client, elle se concentre non seulement dans la qualité du produit mais aussi dans l'excellence du service, offrant une proposition compétitive et rapide. La présence de la marque dans le panorama mondial, potentialise l'expertise de son *staff*, prêt à aider le client sur toutes les phases du projet. Dans ce contexte, Vicaima dispose également d'un département *Project Support*, et dont l'équipe se concentre en exclusif dans la création de solutions intégrées et customisées pour le client. Catalogues, information technique, échantillons ou la page web **vicaima.com**, sont aussi des supports que la marque met à disposition pour venir en aide au client dans les phases distinctes du process.

A Vicaima apresenta um conjunto de sugestões que se adequam a vários estilos de decoração e arquitetura de interiores. Com uma oferta integrada que inclui portas de interior, portas de segurança, aros, roupeiros e complementos, a marca disponibiliza uma vasta gama de revestimentos que vão desde a folha de madeira natural aos decorativos ou lacados em várias cores. Portas de correr para otimização dos espaços ou portas faceadas com painéis são também algumas das soluções construtivas que a marca sugere para arquitetura moderna.

Vicaima presents design ideas suitable for various styles of decor and interior architecture. With an integrated portfolio including interior doors, security doors, frames, wardrobes and complementary items, the brand has available a wide range of finishes ranging from real wood veneer to decorative or lacquered in various colours. Sliding doors to optimize spaces or flush to wall doors, are some of the many framed solutions the brand offers to modern architecture.

Vicaima presenta un conjunto de sugerencias que se adecuan a los varios estilos de decoración y arquitectura de interiores. Con una oferta integrada que incluye, puertas de interior, puertas de seguridad, cercos, armarios y complementos, la marca dispone de una amplia gama de revestimientos que van desde la chapa de madera natural a los decorativos o lacados en varias colores. Puertas correderas para optimización de los espacios o puertas enrasadas con paneles, son también algunas de las soluciones constructivas que la marca sugiere para la arquitectura moderna.

Vicaima présente un ensemble de solutions qui s’adaptent aux différents styles d’architecture et décoration d’intérieur. Avec une offre intégrée, qui inclus les portes intérieures, les portes de sécurité, les cadres, les placards et leurs compléments, la marque propose aussi une vaste gamme de revêtements, comme des placages en bois naturel, des mélaminés décoratifs ou des couleurs laquées. Les portes coulissantes pour optimiser les espaces ou portes *invisibles*, dissimulées dans des panneaux d’habillage mural, font aussi partie des quelques solutions constructives que Vicaima suggère pour l’architecture moderne.

Esta solução integra porta, aro e acessórios e está certificada por laboratórios internacionais. Com resistência ao fogo 30 minutos, apresenta performances de isolamento acústico até 45dB.

This solution integrates door, frame and ironmongery and is certified by independent laboratories. With resistance to 30 minutes fire, can assume acoustic insulation performances up to 45dB.

Esta solución integra puerta, cerco y accesorios los cuales están certificados por laboratorios internacionales. Con resistencia al fuego 30 minutos, presenta performances de aislamiento acústico hasta 45dB.

Cette solution intègre la porte, le cadre et accessoires et elle est certifiée par des laboratoires agréés internationaux. Avec sa résistance au feu sur 30 minutes, elle peut aussi apporter un affaiblissement acoustique jusqu'à 45dB.

A porta, como elemento integrante da arquitetura de interiores deve refletir de forma harmoniosa o conceito inspiracional do projeto hoteleiro. A Vicaima sugere assim, alguns designs de linhas modernas ou mais clássicas, bem como, uma ampla gama de revestimentos com diversas cores e tonalidades. Tendo em conta a temática do projeto podem ainda ser desenvolvidas soluções customizadas que reflitam a sua autenticidade.

Doors form an integral element within the conceptual space of hotel interior design, they make a lasting impression and perform functional roles. Vicaima presents inspiration with designs that encompass both traditional and contemporary themes and allow finish and colour to complement project vision. This alongside performance and customised characteristics that work in synergy with exacting demands, makes Vicaima the perfect solution for leisure applications.

La puerta, como elemento integrante de la arquitectura de interiores debe reflejar de forma armoniosa el concepto de inspiración del proyecto hotelero. Vicaima sugiere así, algunos designs de líneas modernas o más clásicas, bien como, una amplia gama de revestimientos con distintas colores y tonalidades. Teniendo en cuenta a temática del proyecto, pueden ser desarrolladas soluciones personalizadas que reflejen su autenticidad.

La porte, en tant qu'élément intégrant de l'architecture d'intérieurs, doit réfléchir harmonieusement l'inspiration du concept hôtelier. Vicaima suggère ainsi quelques designs de lignes modernes ou plus classiques, mais aussi une ample gamme de revêtements à diverses couleurs et tonalités. En tenant compte du thématique du projet, des solutions customisées peuvent encore être développées pour apporter toute son authenticité.

FIRE MOBILITY ACOUSTIC

Product Certification Aftilicof

Design simples e prático. A linha Essential integra modelos lisos disponíveis numa ampla gama de cores e revestimentos indicados para uso intensivo. Em sintonia com as diferentes áreas de aplicação, estes modelos podem ainda assumir aberturas para vidro e diversas configurações, privilegiando a luminosidade e a mobilidade entre espaços.

Simple and practical design. The Essential range integrates flush models and is available in a wide range of colours, with finishes suitable for constant use. In harmony with the different type of applications areas, these models can accommodate various glazing apertures and configurations, creating brightness and mobility between spaces.

Diseño sencillo y práctico. La línea Essential integra modelos lisos disponibles en una amplia gama de colores y revestimientos indicados para uso intensivo. En sintonía con los espacios, estos modelos pueden asumir vidrieras y diversas configuraciones, privilegiando la luminosidad y la movilidad entre los espacios.

Design simple et pratique. La ligne Essential intègre des modèles lisses, disponibles dans une large gamme de couleurs et de revêtements et indiqués pour une utilisation intensive. En syntonie avec les différents types d'applications, ces modèles peuvent inclure des ouvrants pour vitres et de diverses configurations. Ceci privilégie la luminosité et la mobilité entre les espaces.
