Versatility and dynamism are the characteristics of Vicaima interiors.

More discrete or more audacious, the choice can vary through a wide range of inspiring modulations and finishing.

In harmony with decoration and space, open or sliding doors can vary in design and covering so that the integration in interior architecture will be perfect.

UNEXPECTED HARMONY

Accessories

drawer modules and banisters

The aesthetics of set is reveled in the details and in the discovery of different solutions which facilitates the organization. Different and functional accessories such as the illuminated banister and the drawer division allow customizing the interior space.

Sized to the wardrobe interior, the modular options are wide and versatile. Drawers with tic-tac- system or slow-motion, present us a simple design, in which the front is in acrylic, plate or low front. The large drawer modules include configuration options which can incorporate a shoe cabinet.
