## Natural Wood

### cut, sawing and drying

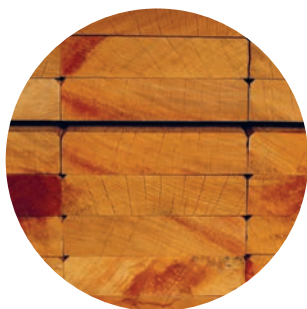

Wood, as natural product, presents depending on the type, different patterns and color tones but always with a matchless distinction and beauty.

**GLOBALDIS** commercializes a wide range of exotic wood, origin certified or controlled, from North America, South America, Africa and Europe. Furthermore, **GLOBALDIS** has optimal conditions, know-how and capabilities to saw and cut wood as well as to dry wood in the dimensions and level of moisture required by its clients.

With more than 40 available types, wood can be supplied in logs or boards and it is essential for the manufacturing of countless products such as furniture, floors, indoor coating (including decoration), outdoor coating, structures and wood buildings for construction.

Certified by the Forest Stewardship Council®, **GLOBALDIS'** focus is to promote wood certified by FSC®. This entity, ensures that raw materials' journey from the forest to the final customer is done in a responsible way without risking forests.

Wood in stock can be delivered until 72 working hours.
